

## Deadline Information

Application deadline for fall candidacy is May 15th. (Early fall deadline is April 1st.)

Application deadline for spring candidacy is October 1st. (Early spring deadline is September 1st.)

Applications are now being accepted. Acceptance/Rejections will be emailed in the week after deadline dates.

The ASNP accepts a limited number of applicants each Fall and Spring semester. Given the competitive nature and rigor of the program, acceptance is ranked according to the criteria identified on the Traditional ASNP Admission Score Sheet. There is not a waitlist; students not accepted will need to reapply.

## Early Deadline Information

Students who submit their application prior to falls' deadline of April 1st, or spring's deadline of October 1st and meet **ALL** admission \*qualifications for the program, will be immediately accepted upon approval after deadline date. If more students are received than are seats available, the point system will apply. Submitting the application prior to this deadline allows the student a chance to complete \*\*compliance documentation early. If compliance has been completed and verified early, the student will be able to register for courses and have the priority of choosing their preferred clinical day of those available.

*\*Qualifications include all required items listed and all pre-requisites completed. Courses that are in-progress at the time of application will not be counted as completed.*

*\*\*Compliance requirements are listed in "Post-Acceptance Steps" at the end of the Admission Steps web page.*
